

Vintage "Trailblazer X-1" Mountain Bike (1995)

Product Description

The Trailblazer X-1 is a classic hardtail mountain bike from the golden era of 90s off-road cycling. This iconic model features a hand-welded steel frame with a glossy crimson red finish, adorned with retro decals and a signature chrome fork. Designed for rugged trails, it combines nostalgic aesthetics with the durability of early MTB engineering.

Key Features:

- Frame: High-tensile steel (26" wheels) with a rigid fork for precise handling.
- Drivetrain: 3x7-speed Shimano Altus grip-shifters (friction-based).
- Brakes: Linear-pull cantilevers for reliable stopping power.
- Saddle: Vinyl-covered with foam padding (logo embossed).
- Rarity: Discontinued in 2000; sought after by collectors.

Riding Difficulty Level

- Beginner: 3/10 (for casual trails)
- Advanced: 7/10 (due to rigid fork/no suspension)
- Collector's Appeal: 9/10
